

## Gerrans School Maths Curriculum Termly Overview

These tables show the units taught in each of the three terms in the academic year. For the NC objectives taught in each unit, please see the planning documents for each year group.

EYFS	
Term 1	Getting to know you Just like me! It's me 1, 2, 3 Light and dark
Term 2	Alive in 5! Growing 6, 7, 8 Building 9 and 10
Term 3	To 20 and beyond First then and now Find my pattern On the move

Year 1	
Term 1	Number – place value Number – addition and subtraction Geometry – properties of shape
Term 2	Number – place value Number – addition and subtraction Measurement – length and height Measurement – mass and volume
Term 3	Number – place value Number – multiplication and division Number – fractions Geometry – position and direction Measurement – money Measurement – time

Year 2	
Term 1	Number – place value Number – addition and subtraction Geometry – shape
Term 2	Measurement – money Number – multiplication and division Measurement – length and height Measurement – mass, capacity and temperature
Term 3	Number – fractions Measurement – time Statistics Geometry – position and direction

Year 3	
--------	--

<b>Term 1</b>	Number – place value Number – addition and subtraction Number – multiplication and division
<b>Term 2</b>	Number – multiplication and division Measurement – length and perimeter Number – fractions Measurement – mass and capacity
<b>Term 3</b>	Number – fractions Measurement – money Measurement – time Geometry – shape Statistics

#### Year 4

<b>Term 1</b>	Number – place value Number – addition and subtraction Number – multiplication and division Measurement – area
<b>Term 2</b>	Number – multiplication and division Measurement – length and perimeter Number – fractions Number – decimals
<b>Term 3</b>	Number – decimals Measurement – money Measurement – time Geometry – shape Statistics Geometry – position and direction

#### Year 5

<b>Term 1</b>	Number – place value Number – addition and subtraction Number – multiplication and division Number – fractions
<b>Term 2</b>	Number – multiplication and division Number – fractions Number – decimals and percentages Measurement – perimeter and area Statistics
<b>Term 3</b>	Number – decimals Number – negative numbers Geometry – properties of shapes Geometry – position and direction Measurement – converting units Measurement – volume

#### Year 6

<b>Term 1</b>	Number – place value Number – addition, subtraction, multiplication and division
---------------	-------------------------------------------------------------------------------------

	Number – fractions Measurement – converting units
<b>Term 2</b>	Ratio Algebra Number – decimals Number – fractions, decimals and percentages Measurement – area, perimeter and volume Statistics
<b>Term 3</b>	Geometry – shape Geometry – position and direction
